2. Essential Events during the 9M 2017

The Group's financial position

In July 2015, the JA defaulted to pay KUSD 2,240 (KSEK 18,217) of a total of KUSD 12,250 (KSEK 99,626) to Sberbank Russia. In August 2015, the JA defaulted to pay the remaining debt of KUSD 10,010 (KSEK 81,408) of a total of KUSD 12,250 (KSEK 99,626). In conjunction with this, the JA reached an agreement with Sberbank Russia to restructure the debt with new repayment terms. However, the restructuring agreement had not been signed as of the end of September 2017 due to agreement not having been reached between the JAA participants. Sberbank Russia therefore could impose punitive interest on the JA amounting to KUAH 29,424 (KSEK 8,861). This punitive interest is recognized in the Misen Group's financial statements and, as of 30 September 2017, Misen's share of the provision in the Group's balance sheet for this purpose amounts to KSEK 4,431.

JA is subject to certain terms and conditions associated with its loans. As of 30 September 2017, the JA had not fully satisfied these conditions in its agreement with PJSC Sberbank. These loans are classified as current liabilities as of 30 September 2017.

As of 30 September 2017 outstanding debt to PJSC Sberbank amounted to KUSD 6,650 (KSEK 54,083).

In August 2015, Sberbank Leasing sued the JA for violation of a leaseback agreement. According to the suit, the JA has not delivered equipment in time, according to the agreement, and Sberbank Leasing therefore has legal grounds to sue the JA for breach of contract. However, the JA considers that the unrealised delivery of equipment has legal grounds as Sberbank Leasing did not fulfil its obligations under the contract (full payment of the value of the equipment) at the time the agreement came into effect. In April 2016 and July 2016, higher courts dismissed Sberbank Leasing's claims on the JA regarding the alleged violations of the leaseback agreement. Subsequently, Sberbank Leasing requested the Supreme Economic Court of Ukraine to invalidate the previous verdicts. On 13 October 2016, the Supreme Economic Court of Ukraine voided the verdicts of the lower courts and ordered them to retry the case. On the 6 and 13 of December 2016 new court proceedings were held. The court instructed the parties to submit additional information and postponed the proceedings to 28 February 2017 and then to 21 March 2017. On 21 March 2017, the court partially sustained the application made by Sberbank Leasing, which changed the name of legal entity to Center of Financial Leasing LLC on 20-th March 2017, and ordered Misen Enterprises AB, LLC Karpatygaz and PJSC Ukrgasvydobuvannya to compensate approximately MUSD 37 (MSEK 313) to Sberbank Leasing. The court ordered compensation in US dollars as requested by PJSC Ukrgasvydobuvannya. LLC Karpatygaz disagree with the request of compensation in foreign currency and challenge this request before the court. On 31 March 2017 and 3 April 2017, LLC Karpatygaz and PJSC Ukrgasvydobuvannya respectively filed appeals with the court. The court hearings were scheduled on 16 April 2017, 1 June 2017 and then postponed to 12 July 2017. On 12 July 2017 the appeal court sustained the ruling of lower court, which orders Misen Enterprises AB, LLC Karpatygaz and PJSC Ukrgasvydobuvannya to compensate approximately USD 37 million to Sberbank Leasing. LLC Karpatygaz and PJSC Ukrgasvydobuvannya filed cassation appeal on 14 July 2017. On 31 July 2017 the Supreme Economic Court of Ukraine suspended the implementation of ruling of appeal court till the trial. The hearings were scheduled on 31 August 2017 and then postponed to 21 September 2017. On 21 September 2017 the Supreme Economic Court of Ukraine voided the verdicts of the lower courts and ordered them to retry the case

On 29 December 2016, Sberbank Leasing filed another lawsuit against the JA, according to which the JA allegedly committed further violations of the leaseback agreement. According to this lawsuit, Sberbank Leasing's claim amounted to KUAH 1,397,704 (KSEK 451,144). On 21 June 2017 Center of Financial Leasing LLC filed a claim, in which it increased requested compensation amount up to MUSD 37 (MSEK 313) and MUAH 974 (MSEK 314) including fines, interests and lost profits. Court

hearings were scheduled on 22 June 2017 and then postponed to 17 August 2017. On the 17 August 2017, the court partially sustained the claim submitted by Center of Financial Leasing LLC and ordered Misen Enterprises AB, LLC Karpatygaz and PJSC Ukrgasvydobuvannya to compensate to Center of Financial Leasing LLC its lost profits in amount of KUAH 237,507 (KSEK 76,699). On 28 August 2017 Karpatygaz and PJSC Ukrgasvydobuvannya filed appeal with the court. The court hearings were scheduled on 6 March 2018.

The JA maintains that the non-delivery could be justified given that Sberbank Leasing (currently Center of Financial Leasing LLC) has not fulfilled its obligations in accordance with the leaseback agreement (full payment of the value of the equipment) at the time the agreement came into effect. Furthermore, the JA claims that it already has repaid the amount of the advance, within the framework of the leaseback agreement. The JA also refutes all claims based on the depreciation of the Ukrainian currency, as no such provisions exist in the leaseback agreement for the amounts of the advance that was received from Sberbank Leasing.

Financing of the Group's Swedish operations

In May 2017, Misen Energy AB (publ) signed a loan agreement with PUL for a loan of EUR 1 million with a fixed loan fee KEUR 150. In July 2017, Misen Energy AB (publ) closed the sale of 8% of the shares and shares capital in Misen Enterprises AB to PUL. The purchase sum amounted to MEUR 3.0 (KSEK 28,739).

The agreement comprises conditions that allow the Company to repurchase the sold shares from PUL for the purchase price multiplied by 3 (three). The Company could exercise this right till earlier of (i) 30 April 2018 or (ii) the date of the general meeting of shareholders of Misen Enterprises AB which would consider payment of dividends. Similarly, the agreement comprises conditions that allow PUL to require the Company to purchase back all or part of the shares from PUL within 24 months. The price of the shares would be equal to the purchase price multiplied by 3 less the amount of any dividends received by PUL from the shares in 24 months. The Company would be required to repurchase the shares only if it has financial capability to pay the shares price without the need to obtain third party funding.

Because of these deals, 8 % of the future dividends from operations in Ukraine will go to PUL. At the same time, since Misen Energy AB (publ) will remain the owner of 54.5% of Misen Enterprises AB shares, Misen Energy AB (publ) shall maintain full control of the company.

For further information, please also refer to chapter Essential events after the end of the 9M 2017.

Operation of the Booster Compressor Stations (BCSs)

In September 2015, Khrestyschenska Booster Compressor Station (BCS) was commissioned. This BCS is one of the largest in Ukraine and provides the extraction of up to 25 per cent of the total domestic natural gas production. However, a dispute arose between the JA and PJSC Ukrgasvydobuvannya regarding how to allocate the incremental production of gas at Khrestyschenska BCS.

In early 2016, the JAA's participants agreed that the JA would lease Khrestyschenska BCS to PJSC Ukrgasvydobuvannya. UGV has operated this BCS for its sole benefit and paid the corresponding fuel gas costs acquired during the lease period since 1 January 2016. The Lease Agreement was renewed in May 2017, although on different terms, and JA transferred Khrestyschenska BCS to PJSC Ukrgasvydobuvannya use until 30 April 2018.

In addition, given UGV's refusal to allocate the power supply costs as well as the JA's unavailability to sell hydrocarbons, Misen Enterprises AB and LLC Karpatygaz could not properly implement the JAA No.3. Under the circumstances, on 10 May 2017 the Joint Activity leased additional 6 BCSs to PJSC Ukrgezvydobuvannya. The following BCSs were transferred to the use until 30 April 2018 to PJSC Ukrgezvydobuvannya:

- Abazivska BCS
- Letnyanska BCS
- Rozpashnivska BCS
- Skhidno-Poltavska BCS
- Svydnytska BCS
- Yuliyivska BCS.

PJSC Ukrgezvydobuvannya covers all the costs related to operation of the BCSs.

During 9M 2017, PJSC Ukrgezvydobuvannya failed to make the lease payments to JA. The monthly lease income amounts to approximately MUAH 18 (including VAT), while the outstanding receivables - MUAH 98 (including VAT). Misen Energy AB (publ) does not provide the receivables outstanding as of 30 September 2017. In July, September and October 2017, PJSC Ukrgezvydobuvannya sent to LLC Karpatygaz, as the Operator of the JAA No.3 more than 40 set-off notices seeking to offset its lease payment against the alleged payments that LLC Karpatygaz should make to UGV. LLC Karpatygaz objected all the claims of PJSC Ukrgezvydobuvannya and initiated the court proceedings in Ukrainian courts to invalidate the set-off notices.

For further information, please also refer to chapter Essential events after the end of 9M 2017.

Subsoil use charge

The Ukrainian Government continued applying 70% subsoil use charge to the joint activities in accordance with laws adopted in 2014.

The situation has deteriorated when the Parliament of Ukraine amended tax legislation. The changes determine the subsoil use charge for private producers at 29 per cent for natural gas extracted from depths not exceeding 5,000 meters, and 14 per cent for natural gas extracted from depths exceeding 5,000 meters. The subsoil use charge applicable to the JA is much higher than the charges applicable to private producers.

At the start of October 2015, the Company submitted a notice of investment dispute to the Government of Ukraine in accordance to the Agreement between the Government of the Kingdom of Sweden and the Government of the Ukraine on the Promotion and Reciprocal Protection of Investments. During 9M 2017, the Government of Ukraine continued to impose the exorbitant subsoil charge for the joint activities conducted in accordance with the JAA No. 3. However, given that PJSC Ukrgezvydobuvannya continued, as the Company believes, its manifestly unlawful actions and refused to deliver the hydrocarbons from the wells attributed to the Joint Activity, the JA could not pay the subsoil use charge to the Government of Ukraine.

As of the end of 9M 2017, the Company has reached no amicable resolution of the dispute with the Government of Ukraine.

Tax payments in Ukraine

Despite being prevented from selling hydrocarbons, JA continued paying value added tax and corporate profit tax during 9M 2017. During 9M 2017, JA paid KUAH 43,183 (adjusted KSEK 13,945)

as value added tax and corporate profit tax. Since 2011 JA has contributed to Ukraine KUAH 11,163,444 (adjusted KSEK 5,274,990) as subsoil use charge, value added tax and corporate profit tax.

Ukraine's economy

GDP Growth. In the first quarter of 2017 GDP growth slowed from 2.5% in fourth quarter of 2016 to 2.3% compared to the same periods of the previous year, which is in line with International Monetary Fund GDP growth projections for 2017 of 2.0%. The slower growth is mainly explained by the decline in agricultural production due to seasonal factors as well as falling production in mining industry. The positive dynamic in economic activity is mainly explained by growth in fixed investments. Construction grew by 21.3% and 28.8% in first quarter and second quarter of 2017 compared to the same periods of the previous year. Growth in the wholesale as well as retail sales accelerated to 3.8% compared to the same period of previous year, driven by a pick-up in retail trade.

Industrial production. During 9M 2017 industrial production fell by 0.3% due decreased production in mining industry. This was mainly due to the cargo transportation blockade of the area that is currently beyond the control of the Government of Ukraine. The blockade was enacted by National Security Council of Ukraine in the beginning of March 2017. Because of the halted freight traffic, the coal production decreased by 16.1% during 9M 2017 compared to the same period of previous year. At the same time during 9M 2017 natural gas production increased by 3.6% compared to the same period of the previous year.

Inflation. During 9M 2017 consumer inflation made up 14.6% compared to the same period of the previous year. Reduced inflationary pressure was of fundamental nature: the stable exchange rate and weak domestic demand (despite upward trend). Upward pressure on prices is exerted by growing levels of utility tariffs, which increased by 27.1% during 9M 2017 compared to the same period of the previous year. The food prices grew by 11.9% during 9M 2017 compared to the same period of the previous year. The increase in commodity prices in global markets along with the stable Ukrainian currency caused industrial inflation to accelerate by 28.6% during 9M 2017 compared to the same period of the previous year.

Exchange rate. During 9M 2017, the rate for UAH towards SEK has decreased from 0.3301 on 31 December 2016 to 0.3229 on 30 September 2017, or by -2.6%. Main contributor was current account deficit, which was mainly covered from National Bank of Ukraine foreign currency reserves. Since the Misen Group's operations and net assets are almost entirely located in Ukraine this has negatively affected the Group's equity, decreasing it by KSEK 43,385.

Request for Arbitration from PJSC Ukrgasvydobuvannya

Misen Enterprises AB and LLC Karpatygaz participate in an arbitration proceeding commenced by PJSC Ukrgasvydobuvannya in August 2016 under the JAA No. 3 and vigorously defend the legitimate interests of their investors.

In accordance to the procedural timetable determined by the Tribunal, the disputing parties shall submit their positions on the merits. Misen Enterprises AB and LLC Karpatygaz received Statement of Claim from PJSC Ukrgasvydobuvannya in February 2017 and submitted its Statement on Defence in May 2017. Therewith, Misen Enterprises and LLC Karpatygaz agreed with PJSC Ukrgasvydobuvannya on termination of the Joint Activity Agreement and requested the Tribunal to order PJSC Ukrgasvydobuvannya to compensate their share of the Joint Activity. At the end of July 2017, PJSC Ukrgasvydobuvannya submitted its Statement of Reply whereby it upheld all its claims, except for continuation of the JAA No.3.

Please also refer to the chapter Essential events after the end of 9M 2017.

Criminal investigation

The pre-trial investigations in criminal cases commenced by the General Prosecutor Office of Ukraine respectively in 2014 and 2017, as supplemented with the PJSC UkrGasvydobuvannya's criminal complaint dated 5 September 2016 and PJSC UkrGasvydobuvannya's motion and a notice of commitment of criminal offence dated 21 and 22 February 2017, were ongoing in 9M 2017.

In September 2017, PJSC UkrGasvydobuvannya submitted another criminal complaint, however this time to the National Anticorruption Bureau of Ukraine (thereafter as "**NABU**"). As a result, NABU initiated a pre-trial in criminal case what regards invalidation of the JAA No.3 (as amended and restated).

LLC Karpatygas and Misen Enterprises AB consider the criminal allegations to be ungrounded, deny them in their entirety, consider that all court rulings issued in this context are illegal and amount to expropriation of their assets. Misen Group has been always cooperative with the investigation authorities and ready to evidence the legitimate nature of the JAA No.3 in Ukraine.

Please also refer to the chapter Essential events after the end of 9M 2017.

Request for Interim Measures submitted by Misen Enterprises AB and LLC Karpatygas

In November 2016, Misen Enterprises AB and LLC Karpatygas submitted a request for interim measures to the Tribunal constituted under the JAA No. 3. Misen Enterprises AB and LLC Karpatygas requested the Tribunal, among other things, to declare that it has exclusive jurisdiction to decide disputes arising out or in connection with the JAA No. 3. Misen Enterprises AB and LLC Karpatygas also requested that the Tribunal to instruct PJSC UkrGasvydobuvannya to refrain from any further or future actions before the Ukrainian authorities in relation to the dispute regarding JAA No. 3 pending the rendering of a final award by the Tribunal. On 26 May 2017, a hearing for the request of interim measures was held.

Please also refer to the chapter Essential events after the end of 9M 2017.

Sale of hydrocarbons

In 2017, PJSC UkrGasvydobuvannya continued, as the Company believes, manifestly unlawful actions and refused to provide services in respect of production, collection, treatment and transportation of hydrocarbons to JA. Being prevented from selling the hydrocarbons, Misen Group could not properly implement JAA No.3.

In 2016, LLC Karpatygas commenced a court proceeding and requested the court to order PJSC UkrGasvydobuvannya to provide services in respect of production, collection, treatment and transportation of hydrocarbons to the JA. The court obliged UGV to provide the respective services, however PJSC UkrGasvydobuvannya appealed against the ruling. The Appeal Court maintained the decision of the first instance court. Subsequently, PJSC UkrGasvydobuvannya filed a cassation appeal with the Supreme Economic Court of Ukraine.

In addition, LLC Karpatygas commenced another court proceeding and requested the court to order PJSC UkrGasvydobuvannya to deliver hydrocarbons produced by JA during the period from December 2016. The court obliged PJSC UkrGasvydobuvannya to deliver hydrocarbons to the Joint Activity. It also dismissed PJSC UkrGasvydobuvannya's counterclaim against JA regarding reimbursement of debt and penalties under the services agreements. PJSC UkrGasvydobuvannya appealed against this court ruling.

For further information, please also refer to chapter Essential events after the end of 9M 2017.

Contribution to the JA

During 9M 2017, Misen Enterprises AB did not contribute any funds towards its commitment to JA for MUSD 12.5 (MSEK 101.7). The total amount contributed remains at KUSD 3,930 (KSEK 31,962). It was indicated that for any contributions to be made, PJSC Ukrgasvydobuvannya first should remedy its violations of the JAA No. 3, and that the direct and indirect shareholders of PJSC Ukrgasvydobuvannya cease targeting JA with the 70 % subsoil use charge.

Investment program report

Due to financial constraints imposed by the increased subsoil use taxation as well as PJSC Ukrgasvydobuvannya, as the Company believes, manifestly unlawful actions, Misen Group almost completely halted investments into the development program in 9M 2017.

During this period, Misen invested KSEK 290 (KSEK 11,875) in the JA development programmes (compared with the same period in 2016).

As of 30 September 2017, the Company has reached the following major milestones:

- at 86 wells repair works using the most up-to-date technical solutions were undertaken,
- 70 wells were commissioned,

Essential events after the end of the 9M 2017

Sberbank Leasing case

In September 2017, the Supreme Court of Ukraine reversed decisions of lower courts ordering PJSC Ukgazvydobuvannya, Misen Enterprises AB and LLC Karpatygaz to pay to Sberbank Leasing approximately 37 MUSD and returned the case for reconsideration in the new circle. On 20 November 2017 new court proceedings were held. The court postponed the proceedings to 6 June 2018 to fulfill the requirements of timely and proper notification of the foreign participant Misen Enterprises AB.

Operation of the Booster Compression Stations (BCSs)

As of publishing of this report, PJSC Ukgasvydobuvannya failed to make the lease payments to JA. PJSC Ukgasvydobuvannya declared that it offset its lease payment against the alleged payments that LLC Karpatygaz should make to UGV. LLC Karpatygaz objected these claims and initiated the court proceedings in Ukrainian courts to invalidate the set-off notices. The court proceedings are ongoing.

Sale of hydrocarbons

As of publishing of this report, PJSC Ukgazvydobuvannya refused to deliver to JA hydrocarbons extracted since December 2016 until November 2017. In October 2017, the Supreme Court of Ukraine reversed decisions of lower courts and returned the case for reconsideration in the new circle.

Request for Arbitration from PJSC Ukgasvydobuvannya

Misen Enterprises AB and LLC Karpatygaz received the Statement of Reply from PJSC Ukgazvydobuvannya in July 2017. Therewith, PJSC Ukgazvydobuvannya maintained its claims for invalidation or, alternatively, termination of the JAA No.3. In response, in October 2017 Misen Enterprises AB and LLC Karpatygaz submitted their Statement of Rejoinder and requested the Arbitral Tribunal to dismiss the UGV's claims. Misen Enterprises AB and LLC Karpatygaz reaffirmed their agreement on termination of the JAA No.3 for the compensation of the value for their share in the JAA No.3. The hearing on the merits is held on 5-8 December 2017, with the closing statements in January 2018.

Criminal investigation

Pre-trial investigations in criminal cases are ongoing.

In September 2017, PJSC Ukgazvydobuvannya sent a criminal complaint to NABU (as defined above). NABU finished its pre-trial investigation and submitted a claim to the Commercial Court of Kiev. NABU requested the court to invalidate the Amendment No.4 to the JAA No.3 and the agreement for the provision of services on production, collection, treatment and transportation of natural gas, natural gas, oil and gas condensate that LLC Karpatygaz concluded with PJSC Ukgasvydobuvannya in April 2011.

Request for interim measures submitted by Misen Enterprises AB and LLC Karpatygaz

On 6 November 2017, the Arbitral Tribunal rendered an Order on the Request for Interim Measures submitted by Misen Enterprises AB and LLC Karpatygaz. The Arbitral Tribunal dismissed the request for interim measures and noted that Misen Enterprises AB, LLC Karpatygaz and PJSC Ukgazvydobuvannya do not object the Arbitral Tribunal's exclusive jurisdiction to determine validity

of the JAA No.3. The Arbitral Tribunal also decided that the parties in dispute should bear their own costs incurred in the phase of proceedings dealing with the request on interim measures.

Financing of the Group's Swedish operations

In November 2017, Misen Energy AB (publ) closed the sale of 2% of the shares and shares capital in Misen Enterprises AB to PUL. The purchase sum amounted to MEUR 1.0 (KSEK 9,611). As a result, Misen Energy AB (publ) secured short term financing for the Swedish operation and arbitration expenses.

The Share Purchase Agreement dated 26 November 2017 comprises conditions that allow Misen Energy AB (publ) to repurchase the sold shares from PUL for the purchase price multiplied by 3 (three). Misen Energy AB (publ) could exercise this right till earlier of (i) 30 August 2018 or (ii) the date of the general meeting of shareholders of Misen Enterprises AB which would consider payment of dividends. Similarly, the agreement comprises conditions that allow PUL to require Misen Energy AB (publ) to purchase back all or part of the shares from PUL within 24 months. The price of the shares would be equal to the purchase price multiplied by 3 less the amount of any dividends received by PUL from the shares in 24 months. Misen Energy AB (publ) would be required to repurchase the shares only if it has financial capability to pay the shares price without the need to obtain third party funding.

Because of the deal, 47.5% of the future dividends from operations in Ukraine will go to PUL. At the same time, since Misen Energy AB (publ) will remain the owner of 52.5% of Misen Enterprises AB shares, Misen Energy AB (publ) shall maintain full control of the company.

Exchange rate fluctuations

From 30 September to mid-November 2017, UAH was relatively stable against SEK, appreciating by 5.54 per cent from 0.3011 to 0.3178.

3. Results – the Misen Group and the Company

The Misen Group accounted for an operating loss of KSEK -64,004 in 9M 2017 (income of KSEK 25,252 for the same period 2016). Loss after financial items for the period was KSEK -59,088 (income of KSEK 6,899 for the same period 2016). The lower operating results and results after financial items are explained by refusal to deliver hydrocarbons by PJSC Ukrkazvydobuvannya since December 2016.

In the third quarter of 2017 loss after financial items for the Parent Company made up KSEK -4,323, during Q3 arbitration costs were distributed within the group which explains the negative costs in the quarter (KSEK -1,919). The loss is mainly explained by sale of 8% of the shares and share capital in Misen Enterprises AB to PUL. Loss after financial items for the Parent Company in 9M 2017 amounted to KSEK -19,661 (KSEK -27,459) mainly due to increased arbitration costs related to the proceeding commenced by PJSC Ukrkazvydobuvannya.

Misen Group net turnover for third quarter of 2017 was KSEK 8,438 (KSEK 156,900) and the Parent Company net turnover for this period was KSEK 1,394 (KSEK 4,123). For 9M 2017, the Misen Group net turnover amounted to KSEK 22,471 (KSEK 550,312) while the Parent Company revenue in the same period amounted to KSEK 4,183 (KSEK 4,183).

During 9M 2017, due to violation of JAA by PJSC Ukrkazvydobuvannya, the JA production of natural gas was at zero level (493.8 mmcm during the same period 2016).

Amendments to the tax code

As reported in previous reports, as of 1 January 2015 Ukrainian Parliament adopted amendments to the tax code. According to the adopted amendments, Joint Activities are not corporate profit tax ("CPT") payers starting from 2015. Instead, Joint Activities' operators are liable to pay income taxes on behalf of the participants. In December 2015 Ukrainian Parliament adopted additional amendments to the tax code. According to these amendments the CPT return is submitted within 40 days after the end of reporting period on a quarterly basis. The CPT obligations are based on the tax returns for the previous quarter and are paid within 10 days after submission of the return.

In this report it has been assumed that Misen Group with regard to the taxes related to JA will be tax payer according to Ukrainian legislation based on the presumption that it has an operating activities within the country. Joint operations such as the JA in Ukraine has no clear definition in the Swedish Tax Legislation. JA has in the tax return of Misen Enterprises for 2015 been treated as a foreign legal entity taxed by the participants (Sw. *I utlandet delägarbeskattad juridisk person*). This report has been prepared on the assumption that the income in the JA accrued before 1 January 2015 will not be subject to Swedish tax, that the holding in the JA is considered as business-related shares (Sw. *näringsbetingade aktier*) until 31 december 2014 and that the Ukrainian income tax may be deducted from Swedish income tax.

After the sale of 45.5% of the shares in Misen Enterprises AB the Parent Company can no longer utilize the tax losses carried forward through group contribution from Misen Enterprises AB.

During 9M 2017 JA paid KUAH 10,881 (KSEK 3,514) as CPT on behalf of Misen Group to Ukrainian tax authorities.

Financial assets and liabilities

During 9M 2017 JA wrote-off KUAH 94,413 (KSEK 30,489) in bad debt. Out of the total amount, 50.01% has affected the Misen Groups' result. Subsidiary LLC Karpatygas as the operator of JA is

engaged in constructive negotiations with the debtors. The settlement of these outstanding obligations is also sought through the legal proceedings in Ukraine.

Book value of financial assets and liabilities is equal to fair value.

Cash position

As of 30 September 2017, the cash balance of the Misen Group was KSEK 8,476 (KSEK 27,642). The cash flow from operations after changes in working capital for 9M 2017 was KSEK -30,933 (KSEK 18,970).

Capital expenditure

The Misen Group's capital expenditure on equipment for gas production in Ukraine related to the JA activity during 9M 2017 amounted to KSEK 290 (KSEK 11,875).

As of 30 September 2017 capital expenditure orders not yet delivered have been placed at an aggregate value of KSEK 3,643. The capital expenditures are equipment, project works, constructions and constructions in progress for extraction of natural gas.

Expected future development of the Company and going concern

Increased subsoil charges to 70% and PJSC Ukrigasvydobuvannya refusal to deliver hydrocarbons will continue to give a negative effect to the Misen Group's results during 2017.

Provided that the subsoil charge remains at the level of 70% and PJSC Ukrigasvydobuvannya will continue to violate JAA the result and cash flow for the remaining life time of the project will be seriously reduced. Deteriorating financial situation resulted in decision to write down the value of Misen Enterprises in the Company as presented in the annual report 2016.

Depending on how the arbitration cases develop, where the Misen Group is involved, a need for increased financing of the Swedish operations might arise in 2018. Any need for funding will primarily be handled through new credits.

Based on the abovementioned facts related to the arbitration proceedings with UGV, ongoing criminal investigation as well as issues with sale of hydrocarbons, there is a material uncertainty related to events or conditions that may cast significant doubt on the Misen Group's ability to continue as a going concern. Therefore, Misen Group may be unable to realize its assets and discharge its liabilities in the normal course of business.

Management and the board are concerned with the situation and will report on further developments in upcoming reports.

Environmental impact

The JA operations have an impact on the environment in Ukraine, which is governed by laws and conventions, which in turn control the JA's operations as regards to the environment. Oil and natural gas operations are subject to extensive regulations with respect to the environment at both international and national levels. Environmental legislation covers the control of water and air pollution, waste, licensing requirements, restrictions on operations in environmentally sensitive and coastal areas. Environmental regulations are expected to become more stringent over time, which will most likely result in increasing costs. The Misen Group meets the environmental requirements in order to maintain existing licenses or obtain new ones.

Accounting principles

This report is prepared according to the International Financial Reporting Standards (IFRS), as adopted by EU. This report is prepared according to IAS 34 and The Swedish Annual Accounts Act as well as RFR 2, Accounting for legal entities. The accounting principles for the Misen Group as well as for the Company are identical to the last annual and quarterly reports.

Financial and other risks

Misen Group focuses on increasing the local hydrocarbons production in Ukraine by undertaking a large-scale investment program focused on development and modernization of gas production infrastructure. In this activity, the Group works with a complex set of industry-specific risks such as price trends for oil and gas, currency risk and interest rate risks, regulatory matters relating to investigations, processing and environment and uncertainty in the value of the completed exploration work and the subsequent field development. With operations being focused on production rather than exploration, the risk exposure could be considered as being moderate.

A more in-depth explanation of the different risk exposures in the Company's business is included in the annual report 2016.

Alternative Performance Measures – Group

As of July 3, 2016 new guidelines on APMs (Alternative Performance Measures) were issued by ESMA (the European Securities and Markets Authority). APMs are financial measures other than financial measures defined or specified by International Financial Reporting Standards (IFRS).

Misen Energy AB (publ) regularly uses alternative performance measures to enhance comparability from period to period and to give deeper information and provide meaningful supplemental information to analysts, investors and other parties.

It is important to know that not all companies calculate alternative performance measures identically, therefore these measurements have limitations and should not be used as a substitute for measures of performance in accordance with IFRS.

Below you find our presentation of the APMs and how we calculate these measures.
